

**We bless
Your name
Lord Jesus
You rescued us from the grave
You're worthy of all our praise**

**You came
To die
Lord Jesus
That everyone might be saved
You're worthy of all our praise**

So You came to die upon a wooden cross
To shield us all from judgement
Your mission was to seek and save the lost
And triumph over death

Lord Your name is high above all other names
You're worthy of our worship
Soon every knee will bow and tongue confess
That Jesus Christ is Lord
